TARIFF FORMAT**

- A. Sheet Numbering – Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the Tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers – Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in their tariff approval process, the most current sheet number on file with the Commission is not always the Tariff page in effect.
- C. Paragraph Numbering Sequence – There are various levels of alphanumeric coding. Each level of coding is subservient to its next higher level. The following is an example of the numbering sequence suggested for use in tariffs.

2.1

2.1.A.

2.1.A.1.(a).

2.1.A.1.(a).i.

- D. Check Sheets – When a tariff filing is made with the Commission, an undated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on the check sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the Commission.

2.3.1. PAYMENT DUE DATE

Payment for service is due no later than the tenth (10th) day of the month.

2.3.2 BILLING AND COLLECTION

The Customer is responsible for payment of all charges for equipment or facilities and services furnished by the Company to the Customer. Any partial payments for current bills that are insufficient to pay the total amount due for the current bill, when there is no past due balance, will first be applied to the Customer's charges for Basic Voice Service.

The Company will establish a monthly billing date for each Customer account and shall bill all charges incurred by and credits due to the Customer under this Tariff. 4. MISCELLANEOUS SERVICES (cont'd)

4.7. PENNSYLVANIA TELECOMMUNICATIONS RELAY SERVICE

4.7.1. GENERAL

The Pennsylvania Telecommunications Relay Service (TRS) is a relay telecommunications service for the deaf, hearing and/or speech-disabled population of the Commonwealth of Pennsylvania. The PA TRS is mandated by the Americans with Disabilities Act of 1990 to provide functionally equivalent telephone services that are available to other U.S. citizens, at no additional cost. The PA TRS includes both traditional relay (devices such as Teletypewriters (TTY) and Telecommunication Devices for the Deaf (TDD)) and captioned-telephone voice-carry-over relay services (captioned telephone). These relay services permit telephone communications between individuals with hearing and/or speech disabilities, who must use a TTY, TDD or captioned telephone, with individuals having normal hearing and speech. Additionally, 711 abbreviated dialing is available to access the PA TRS. The Company’s switching equipment is arranged to translate the “711” calls to the assigned toll-free number, (888) 895-1197, in order to route calls to the Telecommunications Relay Service Provider, in accordance with Commission’s Order entered on February 4, 2000 at Docket No. M-00900239.

4.7.2. SURCHARGE

In addition to the charges provided in this Tariff, a surcharge will apply to all residence and business access lines served by this Company. This surcharge applies regardless of whether or not the access line uses the Pennsylvania Telecommunications Relay Service.

This surcharge serves as a funding vehicle for the operation of the Pennsylvania Telecommunications Relay Service. The Commission shall compute the Pennsylvania Relay Service Surcharge each year and notify carriers of the surcharge amount to be applied for the twelve-month period commencing August 1, 2021.

The Commission may revise the surcharge more frequently than annually at its discretion.

Tariff revisions will be filed whenever the Commission calculates a new surcharge amount and notifies the Company.
